Job Description

Who we are

Fido empowers millions across Africa to take control of their finances with ease. As a leader in cutting-edge financial technology, Fido clears the way for building credit, securing instant loans, making smart investments, and obtaining tailored insurance. No banker's hours, no hidden fees - just endless opportunities.

From city centers to rural communities, Fido is breaking barriers and creating financial freedom, providing access to innovative tools and services that foster growth and empowerment. By leveraging advanced technology, Fido is shaping a future of opportunity and financial inclusion across the continent.

Join the team and be a part of leading this transformative change, driving impact where it matters most.

Who you are

We are looking for an experienced Group Consolidation Accountant (Corporate Controller) to join our finance team. The role is based in Ghana but reports directly to the Fido Finance team in Israel and will lead the preparation of consolidated financial statements for the entire Fido Group. This is a key role for someone with strong consolidation experience and deep understanding of credit and lending operations.

What you will do

- Prepare monthly consolidated financial reports across multiple jurisdictions
- Ensure compliance with IFRS and internal group policies
- Coordinate with local accountants in each country
- Oversee intercompany reconciliations
- Support group-wide financial analysis and board reporting

Education & Experience

Professional membership (ACCA, CIMA, CFA, ICA or equivalent) is required Bachelor's degree in Accounting, Finance, Economics, or a related business field Minimum 5 years of experience in group consolidation or corporate controllership is a strong advantage Proven experience preparing consolidated financial statements

Must Have

Background in credit, lending, or financial services Strong knowledge of IFRS Experience working in multinational or multi-entity environments Excellent Excel and financial modeling skills Strong communication skills and ability to work cross-functionally **APPLICATION**
